Prayers are printed on prayer flags. People say that the wind will spread the prayers all over. The prayers will go into people's hearts. This way, people will become good and kind. There will be peace everywhere. Prayer flags are wishes for a better world. Prayer flags are of 5 colours — blue, white, red, green and yellow.

#### $\mathbf{OR}$

Sikkim is the first organic state. When we farm organically, we help to care for Mother Earth. We grow our food (our plants, our vegetables) without human-made chemicals like pesticides which can harm the earth. This helps up to produce food that is good for us. How do bees make honey? Bees collect nectar from the flowers to make honey.
