Section - B: Reading:

A. Read the passage carefully:

There has been a lot of craze among children for video games. The most widely considered positive impact of video games is that they may improve a player's manual dexterity and computer literacy. Ever-improving technology also provides players with better graphics that give a more "realistic" virtual playing experience. This quality makes the video game industry a powerful force in the lives of many adolescents. However, numerous studies show that video games, especially ones with violent content, make teens more aggressive. The reason for an increase in aggressive behavior is linked to the amount of time children are allowed to play video games. In one study by Walsh (2000), a majority of teens admitted that their parents do not impose a time limit on the number of hours they are allowed to play video games. In another study conducted by Gentile, Lynch, Linder & Walsh "adolescent girls played video games for an average of 5 hours a week, whereas boys averaged 13 hours a week". The study also stated that teens that play violent video games for extended periods of time are also more

Read the given poem carefully:

HOW THE LITTLE KITE LEARNED TO FLY?

"I never can do it," the little kite said, As he looked at the others high over his head. "I know I should fall if I tried to fly." "Try," said the big kite, only try! Or I fear you never will learn at all." But the little kite said: "I'm afraid I'll fall." The big kite nodded: "Ah, well, good-by; I am off." And he rose toward the tranguil sky. Then the little kite's paper stirred at the sight. And trembling he shook himself free for flight. First whirling and frightened, then braver grown, Up, up he rose through the air alone, Till the big kite looking down could see The little one rising steadily. Then how the little kite thrilled with pride, As he sailed with the big kite, side by side! While far below he could see the ground, And the boys like small spots moving round. They rested high in the quiet air, And only the birds and clouds were there. "Oh, how happy I am" the little kite cried.
